Date: 24.04.2018

To,
Director and Dean, All Govt. Medical Colleges,
Principal, All Govt. and Private Para Medical Colleges / Institutes
(Affiliated with Para Medical Board),
District Surgeon, All District Hospitals,
Karnataka.

Dear Sir/Madam,

In continuation with the letter dated 21.04.2018, I here by wish to clarify
that the new curriculum will be applicable to the students admitted to 1st year
certificate courses during 2017-18. These students are considered as 1st year Diploma
students and for them, the question paper for Physics, Chemistry, Biology and English
subjects will have Section A-50 marks and Section B-50 marks.

For those students who are admitted (on PUC basis) during 2017-18 academic year to
2nd year Certificate courses/ 1st Diploma courses are considered as 2nd year Diploma
students. (Eg., CMLT –II = DMLT-II)

The question paper for the students (admitted during 2017-18 on PUC basis) of 2nd
year diploma will have two sections (Section A-50 marks and Section B-50 marks). The
question paper of 2018 annual examination will have the questions as per the new
syllabus in two sections (RS-2). The contents of the new syllabus of all Diploma
courses is almost 90% similar to old syllabus. Hence, there will not be much difference
in the questions of coming 2018 annual examinations. The model question papers for
all the subjects will be provided at the earliest for the benefit of students.

The 2018 annual examination question paper for the students (admitted during 2016-
17) of 2nd year certificate courses / 1st year diploma courses will have the questions
from the previous syllabus for 90 marks (RS-I).

The model question papers (30 papers in each subject) on all subjects for all the
diploma courses will be released very soon. Hence, students and the faculty need not
panic about the new chapters in the syllabus.

Kindly bring this to the notice of all Para Medical Students of your College/
Institute.

Thanking You,

Your’s Sincerely,

Special Officer

PMB/ /18-19 Date: 24.04.2018

Dear Sir,

I hereby request you to kindly approve the intimation that was made to the Department of Health and Family Planning 2017-18 regarding the remarks made by the State Director of Medical Education, dated 21.04.2018.

The remarks were related to the communication from various autonomous bodies / academic institutions in the field of Physics, Chemistry, Biology and English regarding the need to make the second (B-50) section of the report A-50 more comprehensive.

2017-18 was a challenging year for the Medical Education Department, and we are looking forward to making the second section (B-50) of the report A-50 more comprehensive (RS2). The Department's stated intention for the academic year 2018-19 was to improve the comprehensive report A-50, which includes the second section (B-50) for the academic year 2017-18. It is expected that the improvement will be reflected in the second section (B-50) of the report A-50.

It is requested that the intimation be passed as per the Department's request. The intimation will be made to the Department of Health and Family Planning.

Yours sincerely,
